

THE SPIRIT OF HUNTINGTON
ART CENTER

SUMMER 2013

SUMMER ART CAMP

ARTISTS COME ALIVE ART CAMP

Each day will feature a new artist, such as Claude Monet, Andy Warhol and Van Gogh. We learn about each artist's life through books, stories and presentations and then create a project in that artist's style and technique using various mediums (paints, pastels, sculpture, etc.)

We will spend time each day in the beautiful, huge playground in the natural outdoor setting at the Congregational Church of Huntington, or in the park across the street from the art center. It's the perfect place for creating nature-inspired masterpieces! The week will end on Friday with an art show and reception for the children and their families.

Noah's Ark & Spirit of Huntington Art Center... two locations, one great camp!
